

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

Children's Home Society of California (CHS) would like to share the following list of websites that offer guidance, resources, and professional development opportunities designed to support families, children, and caregivers. If you need additional resources, or are interested in attending a free CHS webinar, please do not hesitate to contact our Resource and Referral (R&R) program staff. A list of offices and contact information can be found on our [website](#).

Click on the bookmark button  on the left to view a list of the resources in this document by section. Click on a bookmark from the list to jump to a specific section. For assistance with these resources in a language other than English, please contact your Program Specialist or [CHS office](#) (Para asistencia con los recursos en español, por favor comuníquese con su Especialista de Programa o con su [oficina local de CHS](#)).

Early Learning and Education Program Resources from CHS

- The [Children's Home Society of California](#) (CHS) website provides a [blog](#), [parent newsletters](#), [child care provider newsletters](#), and links to [news and research](#). CHS also offers [Family Education Program](#) (FEP) materials which include brochures on child development and parenting, a *STEM brochure*, an *Activity Book* for children 5 to 12 years old, a character growth chart, a *Developmental Stages Wheel*, a *School Readiness Kit*, [podcasts](#), and interactive [online presentations](#). Additionally, there are [Activity Sheets](#) for learning at home, and [Know and Grow](#) tutorial videos for parents and caregivers. There is also a COVID-19 [resource page](#) for the following communities: Alameda County, Greater Long Beach Area, Orange County, San Diego County, Ventura County, Sutter County, Yolo County, and Yuba County. The website is available in [English](#) and [Spanish](#), and many of the FEP materials are available in multiple languages.
- Contact the CHS Resource and Referral (R&R) Program in your area to learn about how the Child Care Initiative Project (CCIP) can provide free support in opening or reopening your family child care home business. Watch the [Care Connect Grow video series](#) to discover how the CCIP project works to strengthen family child care homes.

Health and safety guidance and resources

- The California Department of Public Health (CDPH) has current information, guidance, printable posters, and fact sheets about various health and safety topics available on their [website](#). Public health guidance for K-12 schools and child care settings to mitigate the spread of communicable diseases can also be found on the [CDPH website](#).
- The [Centers for Disease Control and Prevention](#) (CDC) provides a [COVID-19 Parental Resources Kit](#) and information about proper [handwashing](#). You can find information about child development milestones, videos to explain child development, and a link to the free CDC Milestone Tracker app [here](#).
- The State of California [Safe Schools for All Hub](#) provides information for parents and educators about safety guidelines for child care programs and K-12 schools. There is an option for parents to provide feedback or report schools that are not meeting safety requirements.

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- Licensed child care providers are required to follow the regulations in [Title 22](#) and ongoing guidance from [Community Care Licensing](#) (CCL) issued through [Provider Information Notices](#) (PIN). The CCL website is updated frequently. Check the CCL website regularly and [sign up](#) to receive alerts.
- [Healthychildren.org](#) offers information about COVID-19 in [English](#) and [Spanish](#). At the end of the article are a number of resources for families. This [website](#) also has information about child development, parenting, and [learning disabilities](#).
- Abriendo Puertas/Opening Doors offers free videos, posters, and resources in English and Spanish to help families stay healthy and safe on their [website](#).

Resources for the social and emotional wellbeing of families

- [CalHope](#) is a program providing free, safe, and confidential mental health support for young people and families across the state with two easy-to-use mobile apps. The [BrightLife Kids](#) app supports children ages newborn to twelve, and the [Soluna](#) app supports youth ages thirteen to twenty-five.
- The [Children's Bureau](#) offers five breathing exercises for kids in English and Spanish.
- The California Health and Human Services (CalHHS) [website](#) has a comprehensive list of mental health resources for youth.
- Anyone struggling with a crisis, mental health, or considering suicide can now dial or text 988 to receive immediate assistance from trained counselors seven days a week, twenty-four hours a day in English or Spanish. [Click here](#) to learn more.
- Visit the [Administration for Children and Families](#) website for information and resources about mental health and wellness.
- The California Infant and Early Childhood Mental Health Consultation (IECMHC) Network has been expanded to provide mental health consultation services to early childhood centers, family child care homes, and Family, Friend, and Neighbor programs. The IECMHC Network will offer support with expertise, best practices, and well-being of child care/early learning and care providers in order to promote the health, safety, and well-being of the children and families they serve. [Visit the website](#) for more information.
- Orange County partners have created the [RESET Toolbox](#) website to offer free trainings and resources to build resilience.
- The [California Parent and Youth Helpline](#) offers parents emotional support and referrals. It is available daily from 8:00 a.m. to 10:00 p.m. Parents can call or text (855) 427-2736, or chat online.
- The [Find Your Words](#) website offers information about mental health, how to talk about emotional wellbeing with children, and resources for finding help. The website is also available in [Spanish](#). Text WORDS to 741-741 to reach their Crisis Text Line.

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- [Parents Anonymous](#) is an evidence-based family strengthening program utilizing mutual support (the giving and receiving of help), parent leadership (seeking solutions and becoming empowered), and shared leadership® (working together) to achieve personal growth, improve family functioning and achieve parental resilience.
- [Sesame Street in Communities](#) offers short workshops with videos and tips for supporting the social and emotional wellbeing and development of children.
- View resources for trauma responsive care for young children compiled by Natural Resources [here](#).
- The Child Welfare Information Gateway has created a [webpage](#) for supporting your mental health during uncertain times, which offers links to resources and options for reporting abuse or requesting help.
- Discover resources for supporting the social and emotional well-being of children from the [National Center for Pyramid Model Innovations](#).
- The Orange County Department of Education (OCDE) shares a [Google Drive](#) of Be Calm Practice Sessions for reducing stress and building resilience.
- The Los Angeles County Office of Education (LACOE) has created a free [Google Drive](#) called Relax, Recharge, and Reflect that offers a wide variety of activities and resources for reducing stress and promoting good mental health.
- Families experiencing the loss of loved ones may not be able to practice their traditions for burial and grief due to current COVID-19 restrictions. The National Association for the Education of Young Children (NAEYC) offers guidance for talking with children about death on their [website](#). Visit your [local library's website](#) to look for the following books you can use to help your child and family process and work through feelings of grief and loss. These children's books are appropriate for ages 3 and up and may be useful for having conversations about grief:
 - [Ida Always](#) by Caron Lewis and Charles Santoso ([Story Video](#))
 - [Grandpa's Top Threes](#) by Wendy Meddour
 - [The Memory Box: A Book about Grief](#) by Joanna Rowland
- Find additional grief resources for coping with grief on the following websites:
 - University of California, San Francisco: [Bereavement Resources and Services](#)
 - CHS Blog: [Grief, Loss, and Trauma in Young Children](#)
 - Kids grief.org: [Talking with Kids and Teens about Serious Illness, Dying and Death](#)
 - Sesame Street: [Helping Kids Grieve](#)
 - National Alliance for Children's Grief: [Grief Resource Library](#)
- The National Child Traumatic Stress Network offers a free app families can download with IOS or Android systems called [Help Kids Cope](#). The app offers parents, guardians, and

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

caregivers tips and information for how to talk with children about disasters and offer them support.

- Zero to Three has a [collection of resources](#) for supporting the mental health of young children.
- View the California Surgeon General's free book on coping with stress during COVID-19 in multiple languages [here](#).
- Mental Health America has a free [Back to School Toolkit](#) with information about working with teachers, maintaining social connections, coping with emotions, and handling tough situations. You will be asked for your name and email to access this resource.
- The Antelope Valley Union High School District has created an online [Virtual Calming Room](#) to help students cope with stress and other strong emotions.
- Learn about the wellbeing of children and families in the Lesbian, Gay, Bisexual, Transgender, Queer, Questioning, Intersex (LGBTQI+) community and find resources for supporting their mental health on the National Alliance on Mental Illness ([NAMI website](#)).
- The California Department of Education (CDE) has a [Supporting LGBTQI+ Students](#) resource page for educators and families.
- The Child Welfare Information Gateway [website](#) has resources to support LGBTQI+ children and youth in foster families. The National Alliance on Mental Illness (NAMI) [website](#) has resources to support the mental wellbeing of LGBTQI+ children and youth.

General resources to support families

- The California State Council on Developmental Disabilities [website](#) offers resources for [self-advocacy](#) and [supported decision making](#) which can help families get legal assistance and plan for the future of their child with special needs.
- The Centers for Disease Control and Prevention (CDC) [website](#) offers information about radon, and how to test for it in homes. High levels of radon in a home can lead to severe health issues.
- The National Eye Institute [website](#) offers information about eye health and where families can find free or low-cost vision screenings and programs.
- Parents and child care providers can visit the California Universal Prekindergarten (UPK) [website](#) for information about UPK programs and requirements for children ages three and four.
- HealthyChildren.org offers information about creating a family plan for the safe and healthy use of media and screens. It includes an interactive form you can complete and print. The information is available in [English](#) and [Spanish](#).

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- Parents can find tips and checklists to prepare for children going back to school in the fall on the [PBS Parents website](#).
- Learn about how to keep children safe during the summer months on the [KidsHealth website](#).
- [Click here](#) to learn how to receive wireless emergency alerts in your county.
- Find open shelters during an emergency using this [interactive map](#) from the American Red Cross.
- California has launched the California Kids Investment and Development Savings Program (CaKIDS) to help families start saving today for their child's college tuition or career training in the future. [Visit the website](#) to learn more and see if you qualify.
- The [National Center for Children's Vision and Eye Health](#) has a quick guide in English and Spanish for what parents need to know about supporting the development of healthy vision.
- [Understood.org](#) offers live chats and other resources for supporting the learning and development of children with special needs. There are also Spanish resources available.
- The State Bar of California has pamphlets in multiple languages about assistance with immigration, as well as additional information and resources on their [website](#).
- The Office on Women's Health has information about domestic and intimate partner violence on their [website](#). For immediate assistance or more resources, visit the [National Domestic Violence Hotline](#) website or call (800) 799-7233.
- [KidsHealth](#) from Neumors offers a wide range of child development, special needs, health, safety, and nutrition information for parents, kids, and teens in English or Spanish.
- The All about Young Children [website](#) offers research-based information and videos about how children ages newborn to five years old grow, develop, and learn. The information is available in eight languages.
- The United States Department of Agriculture provides an [interactive map](#) families and caregivers can use to find locations that offer meals to children. Food locations can also be found by calling the [USDA National Hunger Hotline](#) at (866) 348-6479. For assistance in Spanish call (877) 842-6273. The Hotline is available Monday through Friday from 7:00 a.m. – 10:00 p.m. ET.
- Parents Helping Parents (PHP) has launched [Connections California](#), which is a hub of resources to support families in transitioning a child with special needs into adulthood. The website is also available in [Spanish](#) and [Vietnamese](#).
- Visit the Kaiser Permanente [Food for Health](#) website to learn about healthy eating habits and discover recipes.

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- The United States [Office on Women's Health](#) website has fact sheets about pregnancy, breastfeeding, fitness, nutrition, and more.
- The Head Start Early Childhood Learning and Knowledge Center (ECLKC) offers a [video \(Spanish\)](#) about getting the flu vaccine every year, an [informational handout \(Spanish\)](#) about how vaccines protect children, and information about [infants and vaccines \(Spanish\)](#).
- The Head Start ECLKC has a webpage to help parents learn about oral health and how to teach their children healthy habits for healthy smiles in [English](#) and [Spanish](#).
- The [Early Start](#) program is California's early intervention program for infants and toddlers with disabilities and their families. Early Start services are available statewide and are provided in a coordinated, family-centered system. For more information regarding Early Start services and referrals, please contact the Early Start BabyLine at (800) 515-2229 or email earlystart@dds.ca.gov. Services are available during the pandemic.
- The UC San Diego School of Medicine has a library of materials and tools to support health and wellness available on their [website](#).
- Orange County children ages six to eighteen can ride the bus system for free until September 30, 2025. Learn how to get the bus pass on the Orange County Transit Authority (OCTA) [website \(Spanish, Vietnamese\)](#).
- Many Los Angeles County school districts and community colleges offer students free transportation on buses and metro lines. Visit the [GoPass Fareless Pass Program](#) website for detailed information.
- Find health coverage on the [healthcare.gov](#) website. You can also find health insurance information on the [Covered California](#) website.
- Search for rental assistance in your county on the Consumer Financial Protection Bureau website in [English](#) or [Spanish](#).
- The California LifeLine Program is a state program that provides discounted home phone and cell phone services to eligible households. The California LifeLine discounts help consumers lower the cost of their phone bills. Learn more [here](#).
- Learn about California parent organizations that provide resources for families who have children with special needs on the [CDE website](#).
- The [California Wildfire Response Resources](#) website contains information about wildfire incidents, shelters/housing, financial assistance, air quality, and resources.
- [Ready.gov](#) offers guidance on preparing for emergencies and teaching children how to respond to emergencies. Information about [disaster safety for people with disabilities](#), a [survival kit supply list](#), and additional resources are available on the Red Cross website in [English](#) or [Spanish](#).

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- California Office of Emergency Services (OES) has an interactive [MyHazards](#) website where you can search your area to discover what type of disasters you should prepare for along with links to how you can prepare.
- The [American Red Cross](#) offers guidance for planning ahead, making a back-up plan, and evacuating for people with disabilities.
- The [ADA National Network](#) website has a printable planning form for people who use electricity and battery-dependent assistive technology and medical devices.
- The [Listos California](#) website has a resource directory of printable guidance for every disaster situation in multiple languages.
- KidsHealth from Nemours has information about [emergencies and first aid](#), [First Aid Guides](#) and a variety of other health and safety resources written for parents, children, teens, and educators. We suggest saving this site on your smart phone for easy reference.
- The California Department of Social Services (CDSS) has announced the launch of a new food program called [SUN Bucks](#). SUN Bucks will provide \$120 per child for groceries, which is equivalent to \$40 per month for the three months schools are typically closed during the summer. [Click here](#) to learn more about SUN Bucks([Spanish](#)).[Click here](#) to watch a video about SUN Bucks ([Spanish](#)).[Click here](#) to visit the CDSS website ([Spanish](#)).
- The All About Young Children [website](#) offers information to families on children's early development. It is available in eight different languages and provides age-specific information on children's development from birth to age five.

Webinars and online training for professional development

- Listen to the [EdSurge Podcast](#) to discover the latest news and research about technology in education.
- There is a [Sesame Workshop](#) that offers resources for child care providers that include planning sheets, tips, and activities.
- Improve your writing skills by reading the following articles or taking free online classes:
 - [7 Ways to Improve Your Writing Skills](#) (article)
 - [How to Develop Your Note-taking Skills](#) (article)
 - [180 Free Online Writing Courses to Improve Your Skills](#) (article)
 - [University of Arizona: Writing Skills Refreshers](#) (self-paced online class)
 - [Harvard Extension School: Writing Refresher Course through Canvas](#) (self-paced online class)
- The United States Department of Agriculture (USDA) offers the following two meal planning guides for use with children ages three to eighteen:
 - [Let's Make a Snack!](#)
 - [It's Breakfast Time!](#)

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- The National Association for the Education of Young Children (NAEYC) has a [Message in a Backpack](#) series that provides printable tip sheets and guidance for families about child development and learning.
- The Dietary Guidelines for Americans [website](#) offers information about current nutrition standards and research, as well as print materials that are available in English and Spanish.
- The [Department of Education in northeast Switzerland](#) developed a series of videos and resources to support parents, caregivers, and early educators in understanding how children develop and learn through daily experiences. The [videos](#) are short clips that contain a written explanation, and there are [resource handouts](#) as well. Most of the videos and materials are available in thirteen languages (including English and Spanish).
- The [Summer Food, Summer Moves Resource Kit](#) includes activity guides for families. The activity guides contain nutrition information, healthy eating tips, and activities to do with kids.
- The Harvard Graduate School of Education Usable Knowledge [Education Now](#) program shares stories that explore a wide range of topics about learning and the education system.
- The Regional Educational Laboratory (REL) West program offers the following recorded trainings that include handouts and resources:
 - [Creating Culturally Affirming Spaces: School and Classroom Practices](#)
 - [Joyful Reading and Writing with Young Children](#)
 - [Preparing Young Children for School](#)
- The [Let's Talk Poison StoryMap](#) was created by the Health Education Program of the California Poison Control System. This is an interactive website for learning about poison risks, safety, and resources using a variety of media tools.
- The Harvard University Center on the Developing Child explains the research behind how racism can affect healthy child development in [this infographic](#).
- Pro Solutions offers a free two hour training on *Recognizing and Reporting Suspected Child Abuse*. Add the \$0.00 course to your cart [on the website](#) and follow the prompts to set up an account. This training is for parents or license exempt providers. If you have a child care license or are a mandated reporter for child abuse, you must take [this training](#) instead.
- Better Kid Care offers a free course on *Safe Sleep Practices for Caregivers: Reduce the Risk of Sudden Unexplained Infant Death (SUID)*. Create a free account [on their website](#). Once logged in, type "SIDS" into the search bar at the top left and select the course titled *Safe Sleep Practices for Caregivers: Reduce the Risk of SUID*. Once the course is completed, take the exam to receive a certificate.
- Cultivate Learning, University of Washington provides an online Circle Time Magazine. View a short video and access a handout, resources, and book lists about inclusive social interactions [here](#) ([español](#)).

CHILDREN'S HOME SOCIETY OF CALIFORNIA

Professional Development and Resources for Families

- The Colorado Department of Education released a short video titled [Friendships, Inclusion, and Learning](#) to highlight the value of inclusive preschool programs for all children.
